

# Event Information

- The Hotel provides white wedding chairs for up to 100 people. Additional chairs can be rented through your preferred rental company or Caterer.
- Tables, linens, décor, and any other equipment which not listed in the event contract are not included and are to be rented through your preferred rental company or Caterer.
- For tent rentals in the months of September through May, there is an additional \$600 space rental fee as tents are typically set-up one day prior to event, and taken down one to two days after event. The hotel will rent the tent of your choice through our recommended rental company, and add this cost to your event fees.
- Tents are not permitted on the OceanFront Terrace during the months of June through August.
- Amplified music is permitted until 9:00 pm on our OceanFront Terrace.
- Amplified music is not permitted on our RoofTop Terrace.
- Hotel property quiet hours begin at 10:00 pm.
- We highly recommend the use of LED lighting as our electrical capacity is limited on the OceanFront Terrace and RoofTop Terrace. If additional electricity is needed, it is to be provided by the Customer.
- Dispersing of fake rose petals, rice, confetti, glitter and other man-made products is not permitted (save our ocean please!).
- Early check-in to guestrooms is not guaranteed, even on the wedding day. It is strongly recommended for the wedding party and guests to arrive the day before the event if this is a concern.
- Kitchen and refrigerator space is not available for preparation of food and beverage brought by the Customer or Caterer. Small refrigerators are located in all guest rooms. This also applies to storage of cakes and flowers.
- Public restroom for event guests is located in the lobby behind the front desk.
- Hotel parking is limited for event guests not staying at the hotel, especially on busy weekends and holidays. Please advise these guests to carpool to avoid having to park off-property in an over-flow lot. To ensure a parking spot, we advise that the guest makes a guestroom reservation at the hotel.
- If assistance is needed with day-of coordination, ceremony rehearsal and timing, or set up of the reception and event décor, the Hotel suggests having a dedicated Wedding Planner or Day-of Event Coordinator in which the hotel has recommendations on the preferred vendor list.

**Recommendations for event planners, full wedding coordination services,  
and other local vendors is available upon request.**
